AMENDED IN ASSEMBLY JANUARY 24, 2013
CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

ASSEMBLY BILL

No. 30

Introduced by Assembly Member Perea

December 3, 2012

An act to amend Section 13477.6 of the Water Code, relating to water quality.

LEGISLATIVE COUNSEL'S DIGEST

AB 30, as amended, Perea. Water quality.

Existing law, the Porter-Cologne Water Quality Control Act (~~state act~~), *or the state act*, establishes the State Water Pollution Control Revolving Fund program pursuant to which state and federal funds are continuously appropriated from the State Water Pollution Control Revolving Fund (~~fund~~) to the State Water Resources Control Board for loans and other financial assistance for the construction of publicly owned treatment works by a municipality, the implementation of a management program, the development and implementation of a conservation and management plan, and other related purposes in accordance with the Federal Water Pollution Control Act and the state act. Existing law authorizes the board, until 2014, to assess a specified annual charge in connection with any financial assistance made pursuant to the revolving fund program in lieu of interest that otherwise would be charged and requires the proceeds generated from the imposition of that charge to be deposited in the State Water Pollution Control Revolving Fund Small Community Grant Fund (~~grant fund~~), *or grant fund*, along with any interest earned upon the moneys in the grant fund.

Existing law provides that the charge remain unchanged until 2014, at which time it will terminate and be replaced by an identical interest rate, and prohibits the deposit of more than \$50,000,000 into the grant fund. Existing law authorizes the board to expend the moneys in the grant fund, upon appropriation by the Legislature, for grants for eligible projects under the revolving fund program that serve small communities, as defined.

This bill would eliminate the requirement that the charge remain unchanged until 2014 and instead would authorize the board to assess the charge without change unless the board ~~determines that application of the charge is not consistent with federal requirements regarding the fund~~, *makes a prescribed determination; if, however, the refinancing repayment is incomplete*, at which time the board would be required to replace the charge with an identical interest rate. This bill would eliminate the prohibition on the deposit of more than \$50,000,000 collected by the charge into the grant fund. *This bill would require the board to expend moneys appropriated from the grant fund within a period of 4 years from the date of encumbrance.*

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
